INSTRUCTIONS TO EMPLOYEE

Predominant Place of Employment - List the city or community where you expect to work for this employer. Circle the percentage that best describes the amount of work you perform for this employer in this community. If you work in more than one community for this employer, show the two communities where you perform the greatest percentage of your work. Circle the estimated percentage of your work performed in each community. Most individuals will show only one community and will circle 100%. The percentage claimed is for withholding purposes only. Your year end return must reflect where you actually worked for this employer. You must be able to substantiate your work location.

Exemptions - Every taxpayer who files a City of Port Huron Individual Income Tax Return is allowed a personal exemption. You are allowed an additional exemption if you are age 65 or older or are blind. You may claim a personal exemption even if you are claimed as a dependent on another tax return (this may differ from Federal and State rules). Determine dependency exemptions under the same rules that apply to your Federal Form 1040. If you cannot claim a dependent on your Federal Return, you cannot claim the dependent on your City return. If your spouse works and is subject to Port Huron tax withholding, you cannot both claim the same exemptions. If you hold more than one job with wages subject to Port Huron tax withholding, you cannot claim the same exemptions with more than one employer.

You must file a new PH-W4 within 10 days if your residency changes to or from Port Huron, or the number of exemptions claimed decreases. You must review annually the predominant place of employment and percentage of compensation earned in Port Huron claimed. If you expect changes for the upcoming year, you must file a revised PH-W4 by December 1.
